

SCENIC HIGHWAY TO RUN TO PECOS

SANTA FE BRANCH OF THE BEAUTIFUL ROAD WILL BE EXTENDED

Santa Fe, June 8.—In the half million dollars that are to be the proceeds of the bond sale by the state for good roads are included by legislative act, \$5,000 appropriation for the scenic highway from Santa Fe to the Pecos. On this highway on which more than \$30,000 has been expended in money and convict labor, that much will have to be expended to place it in the good condition that it was when the convicts ceased labor several months ago after it had been built for 24 miles, down into the Macho canyon and only a few miles from the point where it would join the main road up the Pecos.

It is without doubt the finest scenic road in the United States and stands unmatched for the vistas it opens in the very heart of the Rockies. The Rock Island as well as the Santa Fe systems have promised to feature it as the Grand Canyon is featured after it is once opened to the Pecos. It will then bring thousands of tourists to New Mexico.

After that portion of the road has been built and which includes the superb outcrop switchback over the Dalton divide, United States Senator Catron will make an effort to have the United States appropriate a sufficient sum to complete it, as it is altogether within the Pecos forest. Several miles would have to be constructed down the Macho in very difficult rock work and about 12 miles beyond the Pecos to join the Scenic highway from Las

Vegas by way of the forest planting station and Trout Springs. O. N. Powell, the new supervisor of roads and trails for the forest service in this district, is expected here shortly, and he will be urged to authorize a survey and an accurate estimate of the cost of completion, as great highway, which was the first on which the convict honor system was employed within the United States.

ISN'T WORKING AGAINST OLD TRAIL

RATON EXPLAINS ITS POSITION IN REGARD TO THE CIRCLE DRIVE

The Raton Range, in its latest edition, declares that those who are of the opinion that Raton desires to divert transcontinental automobile traffic from the Camino Real are mistaken. The Range says:

According to information coming to the Range from the south part of the county, there seems to be some misconception of the attitude of the residents of the county toward the relative importance of county highways. The report has come that considerable feeling has been aroused in localities on the Camino Real—the officially recognized transcontinental highway leading north and south through the county—that an effort was being made by Raton to divert tourist travel by way of the Cimarron canon. This matter, when brought up at a meeting of the Raton Business Men's association, was strenuously denied, and the possible explanation given that the establishment of the Sperry automobile route in joint arrangement with the Santa Fe by way of Cimarron canon and Taos to Santa Fe had been responsible for this erroneous impression. The Trinidad to Santa Fe auto service is an individual arrangement purely local in its object, established in conjunction with the Santa Fe for the purpose of giving tourists an opportunity to enjoy a 200-mile automobile trip through the scenic splendors of the Cimarron canon and historic Taos and Santa Fe. The 500-mile circle drive, as featured at different times in the past by the Range, is the proposal of Raton men who believe that hundreds of touring parties from Texas and the southeast over the Gulf-to-Colorado highway may be induced to take the proposed loop by way of Las Vegas, Santa Fe and Taos and thereby enjoy some of the most interesting natural scenic and historical wonders that New Mexico has to offer. Either going or coming, these tourists will pass over the main highway between Raton and the Meadow City. No concern should ever be entertained that the original Santa Fe trail will ever cease to be the main traveled route through northern New Mexico.

COMMERCIAL TELEGRAPHERS Buffalo, N. Y., June 8.—The international convention of the Commercial Telegraphers' Union of America was opened here today with welcome addresses and responses and the appointment of committees and other routine business. The sessions will continue until the end of the week. The principal cities of the United States and Canada are represented by delegates.

At Bremen, Ga., W. M. Golden, of the Equitable Life Assurance Society, says he found Foley Kidney Pills to be the best remedy for kidney and bladder troubles, also for rheumatism. He says, "Any person having kidney trouble, backache, or rheumatism should be very glad to find such a wonderful remedy." O. G. Schaefer and Red Cross Drug Store.—Adv.

COMMERCIAL TRAVELERS MEET Houston, Texas, June 8.—A hearty welcome was given today to the hundreds of delegates and visitors assembled in Houston for the annual national convention of the Travelers' Protective association. Following the close of the convention on Saturday a majority of the delegates and their wives will leave on an excursion to Havana and Panama.

Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

STATE HOSPITAL WINS OVER DR. SMITH

SUPREME COURT REVERSES DECISION OF JUDGE LEAHY IN DAMAGE SUIT

Santa Fe, N. M., June 8.—The supreme court of the state today reversed the finding of the district court at Las Vegas whereby Dr. H. M. Smith ousted from the superintendency of the state insane asylum—recovered \$9,780 damages and costs from the asylum trustees. The upper court holds that the provision of the statute creating the asylum which empowers the board to discharge employees becomes a condition of contract between board and employee, Dr. Smith alleged violation of contract. The opinion is as follows:

No. 1621, H. M. Smith, appellee, vs. the Directors of the Insane Asylum of New Mexico, appellants. San Miguel.

This is a suit by Smith for specific performance under a contract brought by Smith to recover damages for being ousted from the office of medical superintendent of the insane asylum. Judgment was entered for plaintiff in the sum of \$9,780 together with costs; from such judgment this appeal is prosecuted.

Judgment reversed. Syllabus

Where the statute creating the New Mexico insane asylum made the directors of said institution a corporation, with power to contract and be contracted with, and also provided for the appointment of all necessary subordinate officers and employees and gave to directors the power to remove any officer or employee of said asylum, when in their judgment it was to the best interest of the said institution, such provision became a condition of contract, where it discharged such superintendent before the expiration of his contract, under such power so given by the statute; and the courts can not review the judgment, so to be exercised by said board.

COMFORTING TO STOUT PEOPLE Foley Cathartic Tablets are a specially good little regulator that keeps your system in perfect working order. No biliousness, no constipation, no distress after eating, no greasy taste. A stout person who uses them constantly will really feel thinning out and more comfortable as a result of their use. O. G. Schaefer and Red Cross Drug Store.—Adv.
